Customer Supplied Products

Proudly Printed in the USA! 

Beyond Promotional Products: Liberty Clark, Inc. companies have specialized in medical and industrial product imaging since 2000. For more detailed information check us out at: www.libertyclarkinc.com or contact us at: (763) 576-9090.

Medical Pad Printing: Liberty Clark Inc offers a ISO 14644-1 Class 7 certified cleanroom for sensitive printing requirements. We use only the best medical grade ink and offer certifications for each batch run.

Our ISO 7/Class 10,000 certified cleanroom is special use room reserved for print jobs that require a very low particle count environment.

The air entering our cleanroom is filtered to remove contaminants. Further, the air is continuously recirculated through High-Efficiency Particulate Air (HEPA) filters to remove external

and internal generated contaminants. Staff enter through a preparatory area wearing protective clothing such as hats, nitrile gloves, face masks, booties, and lab coats or smocks. Equipment inside the clean room is designed to generate minimal air contamination. Our designated clean room printing presses are designed to generate minimal particle waste.

Industrial Pad Printing: Since 2000, Liberty Clark Inc. companies have been a trusted resource for manufacturers and prototype developers. If you require durable and precise images printed directly onto a manufactured component, you've come to the right place.

Pad printing is a versatile, proven, high volume technology, which allows imaging on virtually any material or surface. The technology allows us to precisely print your artwork just about anywhere you can imagine! Compound curves, textures, and recessed areas seldom pose problems. Further, pad printing allows imaging on difficult substrates like polypropylene, silicone, engineering grade plastics, ceramics, and glass.

Awkward, small, and large parts up to 18" in length in one hit! From prototype to production, no quantity is too large or too small. Precision to your standards is our promise to you.

Specialty Printing Services:

Hot Stamping / Foil Stamping: A transfer process under pressure, heat, and die. Foil is available in hundreds of metallic and solid colors.

Screen Printing: Flat Screen & Cylindrical Screen Printing. With artwork provided by your art department, or developed by our staff, we can apply multiple colors to your product.

Heat Transfers: Heat transfer decals are pre-printed graphic images bonded to the part/substrate by way of heat and pressure. A heat transfer decal is more permanent and resistant than many decorating methods. Images are created with a 4 color process.

Setup Fees: Liberty Clark, Inc. does not charge set up fees. We offer two complimentary artwork revisions. After second revision there will be a charge per proof revision.

Eligibility: All promotional items in this catalog are sold only to licensed distributors and not the general public. If interested in any of the Items please contact a licensed promotional products distributor.

Extended Production Times: Large quantity orders may require longer lead time.

Rush Orders: Liberty Clark, Inc. does not currently accept Rush Orders.

Artwork: Virtual proofs via email will be provided at no charge. Preferred formats include: .ai, .eps, .pdf (Vector), .psd, .tiff, .jpeg, bmp. All non-vector artwork should be high resolution and no less than 300 dpi.

Art / Design Fees: Liberty Clark, Inc. offers full graphic design services. Prices vary. An estimate for design services will be provided beforehand.

Shipping expense is non-refundable on returns:

Cold Weather: In cases of cold weather (32° F or below) LTL shipping of bottled water may be delayed until the temperature rises above freezing.

UPS Ground: Liberty Clark, Inc. offers UPS ground for shipments that do not require a pallet.

Shipping Disclaimer: Liberty Clark, Inc. is not responsible for lost, frozen, or delayed shipments resulting from the freight company's actions or act of God.

Pre-Payment: Liberty Clark, Inc. requires pre-payment information before production begins.

Pricing Changes: Liberty Clark, Inc. reserves the right to change prices without notice.

Restocking Fee: (1) A 50% restocking fee will be charged on all return custom orders. These fees apply unless the item is defective, damaged, or incorrect item receipt.
(2) Shipping expenses will not be refunded on all custom orders. This applies to any custom order unless item is defective, damaged, or wrong item received.
(3) To request a return, **please complete a RMA/DDW form.**

Defective, Damaged, or Wrong Item: Please contact your ASI, SAGE, ASB or certified promotional product sales associate for details on defective, damaged, or wrong item.
